2D Art: Creative Color Wheel Design

➡️ **STEP 1: PLANNING/SKETCHING**

Use this worksheet for your color wheel planning. You will create a color wheel design of your choice. The design must include the 48 colors listed below *(each of the twelve 'pure' colors, and then a tint, tone and shade of each color)* The colors DO NOT have to be in the exact order of the color wheel, but they all need to be included in the work.

On **Monday, November 14th** you will show me this paper with at least three ideas sketched below **or** on a separate sheet of paper. Note: paper size will be a 12x18 rectangle *(vertical OR horizontal)* unless discussed as a design element.

EXTRA CREDIT: *Download the FREE Pinterest app, create a 'COLOR WHEEL' board and share it with me via email,* jennifer.gironda@palmbeachschools.org*, via IG-DM @artinw_damuse OR via the remind app.*

➡️ **STEP 2: PAINTING/DOCUMENTATION**

You will attach this paper it to the back of your finished painting, with each color checked off in paint.
