

Art Studio Fee

(Please return this form with Studio Fee)

Your child/student has been enrolled in a Visual Arts Elective at Lake Worth High School. It is a yearlong course that meets the State of Florida's High School Graduation Requirements. For this Course there is a Studio Art Fee that will cover your child's art supplies for the entire year. The Art programs at Lake Worth High School and Palm Beach County receive NO BUDGET allocation, which means we rely solely on class fees and donations to continue to operate. A **class fee of \$20** will cover your child's art materials for the entire year. Students that do not pay the fee or contribute via purchasing art items or bringing in the recycled items will be placed on the **obligation list** in the amount of \$20.00. Please note that field trip eligibility will come from students that have paid the art fee first.

We will begin Collecting Art Studio Fee's by the second week of classes.

*****Additional Items students will need*****

All students will need to have a folder for art class and/or section in their AVID notebooks if applicable

Each student should have a pencil each day for class.

Sharpie marker
