I plan on using AS MUCH from Resource Depot as possible, along with the general supplies available to everyone else. However, I will need to purchase some small items from Dollar Tree and Michael's/Joanne Fabric related to sewing. I am trying to budget \$40 or less for these items, which include things like a small sewing kit for each student (they LOVED this last year!!), and also small things like thread, a few containers of a fun puff paint, maybe some nail polish for 'enamel paint' and things like that. -JLG
